

MKD IMPORT DECLARATION FEE – PRE-PAY IN AUSTRALIA

The Macedonian Government introduced new import declaration fees on 17 December 2025. Under these regulations, the receiver is required to pay the import declaration fee before their box can be released and delivered.

We are pleased to advise that, if you wish, this fee can now be pre-paid in Australia on behalf of the receiver.

We highly recommend pre-paying the fee, as this can help avoid delays in the release and delivery of your box and allow it to be processed more quickly once it arrives in Macedonia.

Pre-payment is completely optional.

If you would like to pre-pay the import declaration fee, please advise the receiving agent when you drop off your box. The fee can be paid at the time you hand in your full box.

If you choose not to pre-pay, the receiver will be required to pay the fee in Macedonia before the box can be released for delivery.
